**4914 NORTH STATE STREET**

**JACKSON, MS 39206**

**Childcare vouchers accepted**

Our program serves elementary, middle, and high school students from 2:15p.m. until 6:00 p.m., Monday through Friday. The Program targets students who have academic deficiencies, behavior, and personal problems. Without educational assistance, if your child might be retained or barely pass at the end of the school year – Genesis and Light’s after-school program is for you. Statistics show that consistent academic difficulties can lead to dropouts if academic performance, work ethics and/or behaviors are not corrected. In addition to motivating participants, our program promotes a secure relationship between participants, parents, tutors and teachers. The Program will provide participants personalized tutoring in subject(s) they are failing; and enrichment activities that teach participants a better way of learning. Peer assistance groups will be formed to engage students in learning assistance. Additionally, the program reinforces the importance of education, helps participants to improve their study and work ethics, and helps participants master their course objectives to improve their grade point average. Our program is coordinated and implemented by our program director and program coordinators with the assistance of certified instructors and mentors. Our experienced staff maintains regular communication with teachers, parents and school administrators. Contact Genesis and Light Center to find out ways we can help you and your child.
